

NOW HIRING
APPRENTICE FIBER SPLICERS

APPRENTICE PROGRAM

Midwest Fiber Solutions is an independently owned company, providing leading-edge Fiber Optic Services, Products and Solutions, utilizing best practices for fiber optic design, splicing, termination, and testing.

Midwest Fiber Solutions is seeking candidates for an 18-Week Fiber Optic Technician Apprenticeship Training Program. No Experience Necessary!

If you want to earn as you learn and develop your career with an industry leader - Midwest Fiber Solutions is where you need to be! As a Fiber Optic Technician apprentice, you will work hands-on with our Senior Fiber Splicers to learn fiber optic design, splicing, termination and testing.

APPRENTICESHIP OVERVIEW: 18-WEEK PROGRAM

- ◆ 4 Week Rotation (16 weeks total) with each of our 4 Senior Fiber Splicers who have over 60 years of combined experience
- ◆ 1 Week Fiber Optic Testing and Interpretation of Schematics.
- ◆ 1 week at House Network Interface Device (NID) Splicing
- ◆ During apprenticeship you are a paid employee: \$800 per week salary during training program
- ◆ All necessary tools & equipment provided
- ◆ Typical work schedule Monday - Thursday, four (4) 10-hour days (schedule may vary).
- ◆ Overnight travel may be required during work week based on job location. Company paid hotel and daily Per Diem.

Upon completion of apprenticeship training program, some candidates may be offered a full-time, permanent position with Midwest Fiber Solutions and receive a \$600 Sign-On Bonus.

WHAT YOU NEED TO BE AN APPRENTICE - QUALIFICATIONS

- ◆ High School Diploma
- ◆ Clean, safe driving record - must pass MVR check
- ◆ Ability to commute daily to home office or job site - which ever is closer
- ◆ Show initiative and willingness to learn fiber optic trade and retain information
- ◆ Desire to develop skill set and knowledge through hands-on training
- ◆ Organized and follow-through abilities

WORK ENVIRONMENT

- ◆ Ability to stand or sit for a prolonged period of time - several hours
- ◆ Ability to work long hours in all weather condition
